Step 1:

Fold your hair in a bun tightly on the back of your head. Hold with one hand.

Step 2:

In other hand, place one comb over your finger tips. Slide the other comb with the rounded side snug against your head, behind your hair bun.

Step 3:

Your comb hand now holds the style through the beads, leaving the other hand free.

Step 4:

Pull the other comb over your bun, turn it and push it in firmly behind the style on the other side.

Step 5:

Push both the African Butterfly Hair Combs together allowing the teeth to interlock and hold your hair style securely.

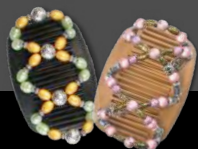

Tying Your Hair Up?

It's that easy! Just lock the hair combs together in your hair and be secure in the knowledge that your chosen hair style is under control all day.

African Butterfly Hair Comb Care

Wipe clean with a clean damp cloth. Keep free of creams, oils and hair sprays which may affect the elastics and beads.
